

Rembrandt

The Ultimate Party Songlist!

The following is a list of over 300 songs currently in Rembrandt's regular rotation. This list has been reorganized by decade and genre and includes the ultimate party hits compiled from 30 years of entertaining crowds of all ages. Please feel free to highlight or delete the songs of your choice. Rembrandt plays approximately ten songs per hour but it is recommended that you highlight as many as you like. In this way, we can utilize our many years of expertise to customize the music to your specific tastes and desires while maintaining a proper balance and flow. You may want to make a special mark next to those that are especially important to you so we can be certain to include them. Concerning songs not on this list, it is our policy to allow one special request that we will learn, if notified at least 30 days in advance. If this is a "First Dance" selection, or other spotlight song, it is becoming increasingly popular to have this special song played on iPod. This is not a problem for us and we will be happy to provide the recording ourself. By the same token, if you have any additional requests, please list these at the bottom of the last page of this list. Rembrandt is constantly adding new material and may very well be able to incorporate them. However, for any requests we cannot accommodate live, we would be happy to include them in a custom iPod playlist that we will provide when the band is on break.

Thank You.
